J. F. Dees and Sam Four are in Mt. Vernon repairing the telephone lines.—S. C. L. Hughes has returned from a few days visit with relatives at Paris.—Mrs. E. C. Herd has returned from Corbin after a few days visit with her sister, Mrs. J. L. Hughes.—H. F. He is in a very feeble condition yet.—Well, booze is going out and the necessities of life are going over the top. Food stuff is as high as a cats back and meat was never higher since the cow jumped over the moon, but gardens are coming in and potatoes, that old stand by, will soon be ready to harvest. Then we can snap our fingers at the profiteers.—It seems that the politicians have begun their mud slunging at Governor Black, but we want to say to all Democrats sit steady in the boat and when

August 2nd comes go to the poles and vote for Gov. James D. Black for governor and R. C. Oldham for Lieut Governor and then you are doing the right thing. Black is the man that the Republicans cant beat and if we will all pull together and nominate him Aug. 2nd, just that sure he will be elected Governor in November. So do not forget Black, he is the man.—Mrs. Oscar Argenbright and daughter, are in Lexington and Cincinnati this week.—Miss Bonnie Nieceley, of Mt. Vernon, who has been visiting her aunt, Mrs. W. G. J. Rice was in Louisville Monday and Tuesday.—We said last week that John Cook, of Knoxville, was visiting his uncle, G. D. Cook, when we meant George Cook, of Knoxville. When we found we had made a mistake, it worried us to some extent, then we bethought ourself that if a man was perfect, this earth would be no place for him.—Mullins & Price are putting in a new stock of goods in the brick and both have moved their families here. We welcome them to our city and would say to all who wish to move to one of the best little mountain towns in the state, come to Livingston.—Mrs. O. V. Jarrett, of Brodhead, was here between trains latter

part of last week.—Bernard Franklin, of Mt. Vernon was here Friday enroute to Lexington.—The River Mansion, at one time the best hotel in Livingston, is no more as it was sold to the L. & N. R. Webb. Price paid not learned.—C. C. Davis, of Mt. Vernon, was here between trains Wednesday. Charley is one of the many that got his early training at Level Green and he has not forgotten that place. Vernon, was here between trains Wednesday.—Edd and Conn Asher left a few days ago for Colorado Springs, Colorado.—The Salvation Army has its representative here soliciting aid. We are authorized to announce
W. T. SEORT
as a candidate for State Senator in the
17th Senatorial District, subject to the
action of the Republican party at its
primary election on August 2, 1919.

ANNOUNCEMENTS
We are authorized to announce
HON. E. BULLOCK
as a candidate for Representative from
the Seventieth Legislative district, com-
posed of Rockcastle and Laurel coun-
ties, subject to the action of the Repub-
lican party at its primary election on
August 2, 1919.

Just as certain people in New
Jersey foolishly attempted to do to
Woodrow Wilson, so are certain
folks in Kentucky attempting to do
to James D. Black, but boys
your efforts will be spent in vain.
He is honest and the people
know it. The few papers that
would distort him irrespective
of the truth; the editors who
would labor in vain. If Tom Pan-
nell, Henry Hines and Eli Brown
were all for Governor Black, we
still say elect Black Governor.
Jim Smith, of New Jersey, was
for Woodrow Wilson for Gov-
ernor of that state, but when Smith
wanted to control, Woodrow im-
mediately hung out the "nothing
doing" sign and Smith thorough-
ly understood it. Pannell and
Hines, after exhausting every
means possible to defeat Black
and seeing no chance to do so,
may now be for him but we are
confident it will do them no good.

Mr. Brown, the bosom friend of
Stanley and the rich beneficiary
of his administration, is not for
Black and never will be. We be-
lieve the people of Kentucky
have now got the correct number
of these three men and never
again will they be able to control
any Governor of Kentucky. Of
one thing we are positive and that
is, they will never control Jim
Black, who comes from the plain-
est folks of this great State
and who, when elected, will give
us an old fashioned, honest, busi-
ness-like, economical adminis-
tration of public affairs. Three
cheers and a tiger for Jim Black!
Let the Democrats of Kentucky
nominate him and mark what we
tell you, the people of this State
will surely elect him in Novem-
ber.

Now that Rockcastle County
has a permanent and strong or-
ganization to handle the three
Farmers Community Meet-
ing in July, people are begin-
ning to ask questions about the
meeting and the program. Two
programs will be held each day,
one at 3 p. m. and another at 8
p. m. This plan has been devel-
oped to enable the busy farmer
and his energetic wife to take
care of the day's work before
coming to the meetings. The
Committee believes that the
spirit of these meetings will be
helped by the people bringing a
light luncheon with them, so
that between the afternoon and
evening programs a picnic sup-
per may be held on the grounds.
This will allow the farmer, the
business man and their families
to chat with neighbors and
friends thus making these meet-
ings real community affairs.

The meeting will be held in a
big auditorium tent which will
seat 700 people quite comforta-
bly. The tent is to be lighted by
electricity and a small motion
picture machine will be installed
so that four or five reels of fine
educational pictures may follow
the one evening talk. The De-
partment of Agriculture at
Washington, the National Fel-
Cross, the State Board of Health
and the State Commissioner of
Roads will furnish these films.

Among these reels there will be
those which will interest both
children and adults. Two of the
reels will tell the story of the
boys and girls, who as state
champions in club work, visited
Washington City for several days
and took in the sights and in-
spected the work of the Agricul-
tural Dept. Another film shows
the construction of a concrete silo;
another film gives in full the use
of serum in hog cholera; and
others will deal with health and
poultry raising. The growing and
handling of strawberries co-op-
eratively in Warren County will
also be shown in motion pictures.
The people of Rockcastle County
should make their arrangements
right now to be present at these
meetings. Four speakers will
will be used each day in addition
to the motion pictures. Last,
but by no means least, will be
the social part of these meetings.
The person attending the meet-
ings will be sure to meet old
friends and new friends from all
parts of the county and this in-
itself will help make the meet-
ings thoroughly worth while.
Let the program be, plain lunch-
eons and lots of sociability.

CIRCUS COMING.

With Spring comes the Circus,
and the first Big Tent Show to
visit Mt. Vernon will be Rhoda
Royal Hippodrome Circus and
old Buffalo Wild West Shows,
which will exhibit on Monday, June
16. It will be presented under
the personal direction of Rhoda
Royal, an equestrian director
known the world over, and is
without doubt one of the best
tent aggregations now travel-
ing, everything being new and
up-to-date and contains a great
array of attractions. Among the
features noticeable are the Royal
herd of performing elephants,
Prof. Whites troupe of Ponies,
Dogs, Donkeys, the funniest
clowns ever, dozens of high class
artists, a flea circus, the lady
that traveled 5000 miles thru a
desert on a camel, Madam La
Blanch, the strongest woman in
the world, two bands will dis-
cuss plenty of music to keep
you smiling or forgetting the
free open air exhibition on the

ground at 1 and 7 p. m. The
Big Show starts promptly at 2
and 8 p. m. Rain or shine and r
mammoth water proof tents.
See bulletin boards and hand
bills, keep day and date of ex-
hibition in mind.

FIRST INSTRUCTIONS.

Judge W. H. Carmical, the Po-
lice Judge of the town of Mt.
Vernon, in instructing the jury
in the trial of the first case
which came before him, which
was a few days ago said: "Gen-
tlemen of the jury—Charging a
jury is a new business to me, as
this is my first case. You have
heard all the evidence in the case
as well as myself; you have also
heard what the learned counsel-
have said. If you believe what
the counsel for the plaintiff, Hon.
A. Owens, has said, your verdict
will be for the plaintiff, but if
on the other hand, you believe
what the defendant's counsel,
Hon. Holbert McClure, has told
you, then you will give a verdict
for the defendant. But if you
are like me, and don't believe
what either of them said, then
I'll be damned if I know what
you will do! Constable Jack
Jones take charge of the jury."

Notice to Tobacco Growers

Hail is the enemy to the toba-
co grower. I have just received
a full list of Insurance supplies
and can insure your growing
crop and protect you against
possible loss. All policies will
be dated July 10th and run until
your tobacco is housed. The
rates are reasonable losses quick-
ly adjusted. Thousands of dol-
lars were paid as losses last sea-
son. Tobacco crops in the north
western part of Rockcastle were
utterly destroyed last season,
and the high price of tobacco
farmers cannot afford to take
the risk for the small premium
required for protection.

Call and let me explain the
rates and policies to you.

A. M. HART,
Agent.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE DRAUGHT'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

An entire wild animal circus has been added since its last appearance in this city and a stirring new patriotic spectacle will also be seen here for the first time. The Gentry Brothers has always given the best of satisfaction in this city. In fact, it would be almost impossible to devise a cleaner, more pleasing and interesting exhibition than the one given under the Gentry Trade Mark. The street parade this year is said to surpass all former efforts and to be larger and better than previous years.

Children Cry FOR FLETCHER'S CASTORIA

After the "Flu"

You know how you felt—you who have had the "flu." That easily tired feeling. You are "all in" after the least exertion. Just seems as if you cannot get your strength back. Weeks and months sometimes have gone by till you wonder if you are ever going to get well again.

That is because you have not been drinking Devonian, the American Medicinal Mineral Water. Really wonderful are the reports that have come to us entirely unsolicited of the way Devonian has helped people after the "flu."

Its action is alterative and reconstructive. It enables the body to rid itself of the poisons left by the "flu." It tones up your system and very quickly you find yourself looking better and feeling better. Your old-time vigor returns. You feel like yourself once more.

The reason that Devonian is so helpful, not only after the "flu," but in so many other human ailments, is that it contains those elements which, as far back as human knowledge goes into the past, have been recognized as helpful to the human system. By drinking Devonian regularly—a tablespoonful in a glassful of water—decayed food elements which have acted as poisons in the body are loosened and carried off. It is their presence in the bowels which have in many cases retarded and even prevented complete recovery.

Devonian is known and indorsed by the medical profession, and is prescribed by leading physicians everywhere. Its effectiveness in cases of Constipation, Rheumatic Affections, Hardening of the Arteries, High Blood Pressure, Eczema and similar skin diseases has been demonstrated time and again.

Devonian comes to you just as Mother Nature skillfully compounded it in her own laboratory, a thousand feet underground. It is not changed, altered or condensed in any way. It is nature-made. That is why it is so good for you. So heavily laden is it with natural remedies that, as we have said, a tablespoonful in a glass of water is enough to take at a time in most instances. Thus a dose costs you only about a cent and a half, making it the cheapest remedy you can buy.

Devonian is to be had at most drug stores in the city. If you are desirous of knowing more about this wonderful medicinal water, write for our booklet, "The Story of a Well Man." Perhaps the facts it relates may have an important message for you. Use the coupon.

Cut THIS OUT AND TAKE IT WITH YOU.

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion.

The Kentucky Educational Association meets in Louisville on the 23rd of this month for a three days session. Many important matters pertaining to the State's educational welfare will be discussed, chief among which will be the question of more salary for teachers throughout the state.

In the last few years, Rockcastle has been well and largely represented in all state and district conventions. It is greatly desired that a strong delegation from this county, headed by the County Superintendent of Schools attend this coming meeting in Louisville and prove that Rockcastle is alive and progressive in all educational work. We hope to be furnished with the names of all teachers who go from this county, as we would be glad to publish the list.

Performing wild animals consisting of lions, leopards, pumas and other species of forest bred beasts have been added to the Gentry Bros. Famous Shows until the title Wild Animal Circus has been affixed to the trademark of this popular firm. Many new acts and features are in store for the patrons of Gentry Bros. Shows which will exhibit here on Monday June 23. The street parade will contain all the favorite animal performers as well as the new department of performing wild animals. Clowns and other novelties that are new to this show will take part in the procession and all the little folks should be on hand to see the dogs, ponies and elephants in parade dress.

SALVATION ARMY CAMPAIGN.

The campaign for the Salvation Army will be conducted June 23rd to 30th. The amount called for from Rockcastle County is \$700. This is not a war relief fund. It is intended for home work, and will go in to help make up a fund of \$3,000,000 which will enable this army to carry on their relief work throughout the United States. It is earnestly requested that every minister in this county call his congregation's attention to this drive on June 22nd, and that every Sunday School be given an opportunity to help with their contribution. This is clearly a religious movement, and every christian person in the county and those interested in the advancement of christianity should not be satisfied unless they have helped as liberally as they can to raise this county's quota.

At the request of his many customers and friends, J. P. E. Drummond has decided to continue his dry goods store at Livingston and has left it in charge of Mr. B. H. Hellard, who has been with him since he started in business nearly six years ago. Mr. Drummond will continue to give the store his personal attention, returning to Livingston every few weeks. He has other property in Livingston and we hope some day he will make his home with us again.

Lightning did a lot of damage in this county during the recent storms. The residence of Mrs. Matt Coffey was struck last Saturday and the flue knocked down. The large barn of Alvin Carpenter with about \$1,000.00 worth of hay and corn was burned to the ground soon after being struck. Monday night Arthur Adams lost a fine mare and colt by being struck by lightning. All this was within a radius of 3 miles.

The jury returned a verdict of ten years in the pen against W. M. Mullins, who was on trial in the Laurel Circuit Court at the time of our last issue, for the killing of Luther Manus. The jury got the case Monday afternoon and returned a verdict the Monday morning. The jury stood for several hours, seven for 21 years, three for 2 years and two for 10 years. A new trial will be asked for. Jeff Johnson, who was with Mullins and under indictment will have his trial this court.

COTTON—LANDRUM

The marriage of Miss Bernice Yancy Landrum to Mr. John Vincent Cotton was solemnized in the Langdon parlors on Tuesday afternoon—June 10th, at four o'clock, with Dr. M. L. Cotton officiating. Mrs. Cotton is the attractive and accomplished daughter of Mr. and Mrs. J. A. Landrum. Her work as a teacher in Mt. Vernon Graded School—in the Mission school at Tucson, Arizona and at Concord, N. C., was outstanding in its efficiency. Mr. Cotton is a young attorney from Akron, Ohio. He is a young man of sterling character and has a promising future. His father, Dr. M. L. Cotton, is an instructor in the Bible and ancient languages in the Presbyterian Theological Seminary at Louisville, Ky.

The Langdon parlors were artistically decorated under the management of Miss Hannah Sprowles—with daisies, ivy and ferns. Lohengrin's wedding march was beautifully rendered by Miss Risse Williams. The ring ceremony was characterized by beauty and impressiveness.

The bride, always attractive—was unusually so in an afternoon gown of dark blue voile, and carrying a shower bouquet of roses and lilies of the valley.

After the ceremony, an informal reception was held. The guests—including many friends from town and a few out of town guests were served with delightful brick-cream and cake.

Mr. and Mrs. Cotton departed for Louisville and other points on the afternoon train. Mrs. Louis Cooper bought this week from Welch's Department Store, through Miss Bess Sparks a Dodge car, which was delivered Wednesday.

Cashier and Mrs. W. L. Richards received a telegram last week from their daughter, Miss Sadie, who has been holding a position in Louisville saying, that she was married to Mr. Clarence Aurinton, who is connected with the tariff department of the railroad. Mr. and Mrs. Aurinton are expected to arrive tomorrow night to spend a few days with Mr. and Mrs. Richards. They will make their home in Louisville.

When Judge Cam Mullins gets through fixing the jail, court house and county property, it will be a decent place to stay. The old dungeon to the jail has been torn up and will be used for a coal house. This should have been done a long time ago. If a man has to go to jail, that is no reason he should live in a place worse than a hog pen, and the Mt. Vernon jail has never been a place suitable to keep human beings. The second floor will be fixed for the jail use hereafter.

One of the saddest deaths that has occurred in town in many a day, was that of Mamie Sower, daughter of Mr. and Mrs. Emmett Sowder, age 10 years, who died last Saturday, after an illness of only one week. Last Sunday week she went out with a crowd of little folks feeling as well as usual. When she returned in the evening, she told her mother that she did not feel well. She rapidly grew worse and for the few days she lived, we doubt if one could have suffered more intense pain. The trouble started with what seemed to be a bruise on the leg. Lock jaw and unconsciousness followed during the last day or two. The devoted parents are heartbroken in the loss of their child, and especially

is it made harder because of the great suffering that she endured. The sympathy of the community goes out to them. The burial took place Sunday at Freedom.

W. T. Hicks bought of C. C. Williams, E. Bullock and W. L. Richards a large tract of timber on East Fork.

BUILDING UP OUR WOMANHOOD

Given Up to Die by Her Friends, a Young Lady Recovers Her Health and Increases Weight—45 Pounds.

A Powerful Nation Needs Strong Healthy Women.

A nation is no stronger than its women. Hence, it is the duty of every woman whether young, middle age, or in advanced life to preserve her health. If you are sick and suffering don't wait until tomorrow but seek relief at once—today. Tomorrow your illness may take a chronic turn.

There is a remedy for almost every ill. Thousands have found Peruna to be that remedy as did Miss Clara Lohr of 21 N. Gold St., Grand Rapids, Michigan. She writes a friend: "I don't need Peruna any more. I am all well after taking six bottles. I weighed ninety pounds before I started and was poor and weakly. I had such a cough and spitting all the time that I never expected to recover. My friends gave me up. I could eat nothing. Now I can eat and weigh 135 pounds. I most thankfully recommend Peruna to my friends."

Miss Lohr's letter is an inspiration, a message of hope to suffering women. It tells you that you too may be strong and well and vigorous.

Peruna may be had in either liquid or tablet form. Ask your dealer. If you value health, do not accept a substitute. Dr. Hartman's World Famous Peruna Tonic is what you want. The Peruna Company, Dept. 79, Columbus, Ohio, also publish Dr. Hartman's Health Book. The book is free. Write for it. Your dealer will give you a Peruna Almanac.

Here Are the Facts and Thanks

WHAT a wonderful thing is growth and progress! The months of January, February, March, April and May were pace-makers and we'll not forget them. They represent an interesting page in this store's growth and history. Our records show that our business volume during these months surpassed our business volume of the corresponding months in 1918 by fully 50 per cent and the month of May by 10½ per cent. And because of this we are prompted to offer our sincere thanks to the men and young men of Rockcastle and adjoining counties.

This remarkable growth is due in a great measure to the "boys" who are back from military services. They came right back to Fish's because they knew before they went away that this store was a satisfaction-giving institution; they knew, as well as most folks do, that they could come to us for style, quality and value—and get them without fail.

We have the kind of clothes particular folks are looking for; correct styles; best qualities and satisfying values; today, to-morrow, every day.

How Are You Going to Keep 'Em on the Farm?

ANSWER:

With Electric Lights

Delco-Lights Makes the Farm Home More Attractive to the Girl or Boy

When Delco-Light is installed there is no longer as great incentive for the son or daughter to go to the city. Its conveniences are brought to their home in the country.

The daughter can have electric lights in her room, an electric curling iron and all other comforts that are so much desired by young woman. It makes the chores easier for the son and provides power for operating labor saving tools.

Delco-Light so modernizes the farm home that it brings cheer and satisfaction to every member of the family.

BUGS! BUGS!! BUGS!!!

Potato Bugs.

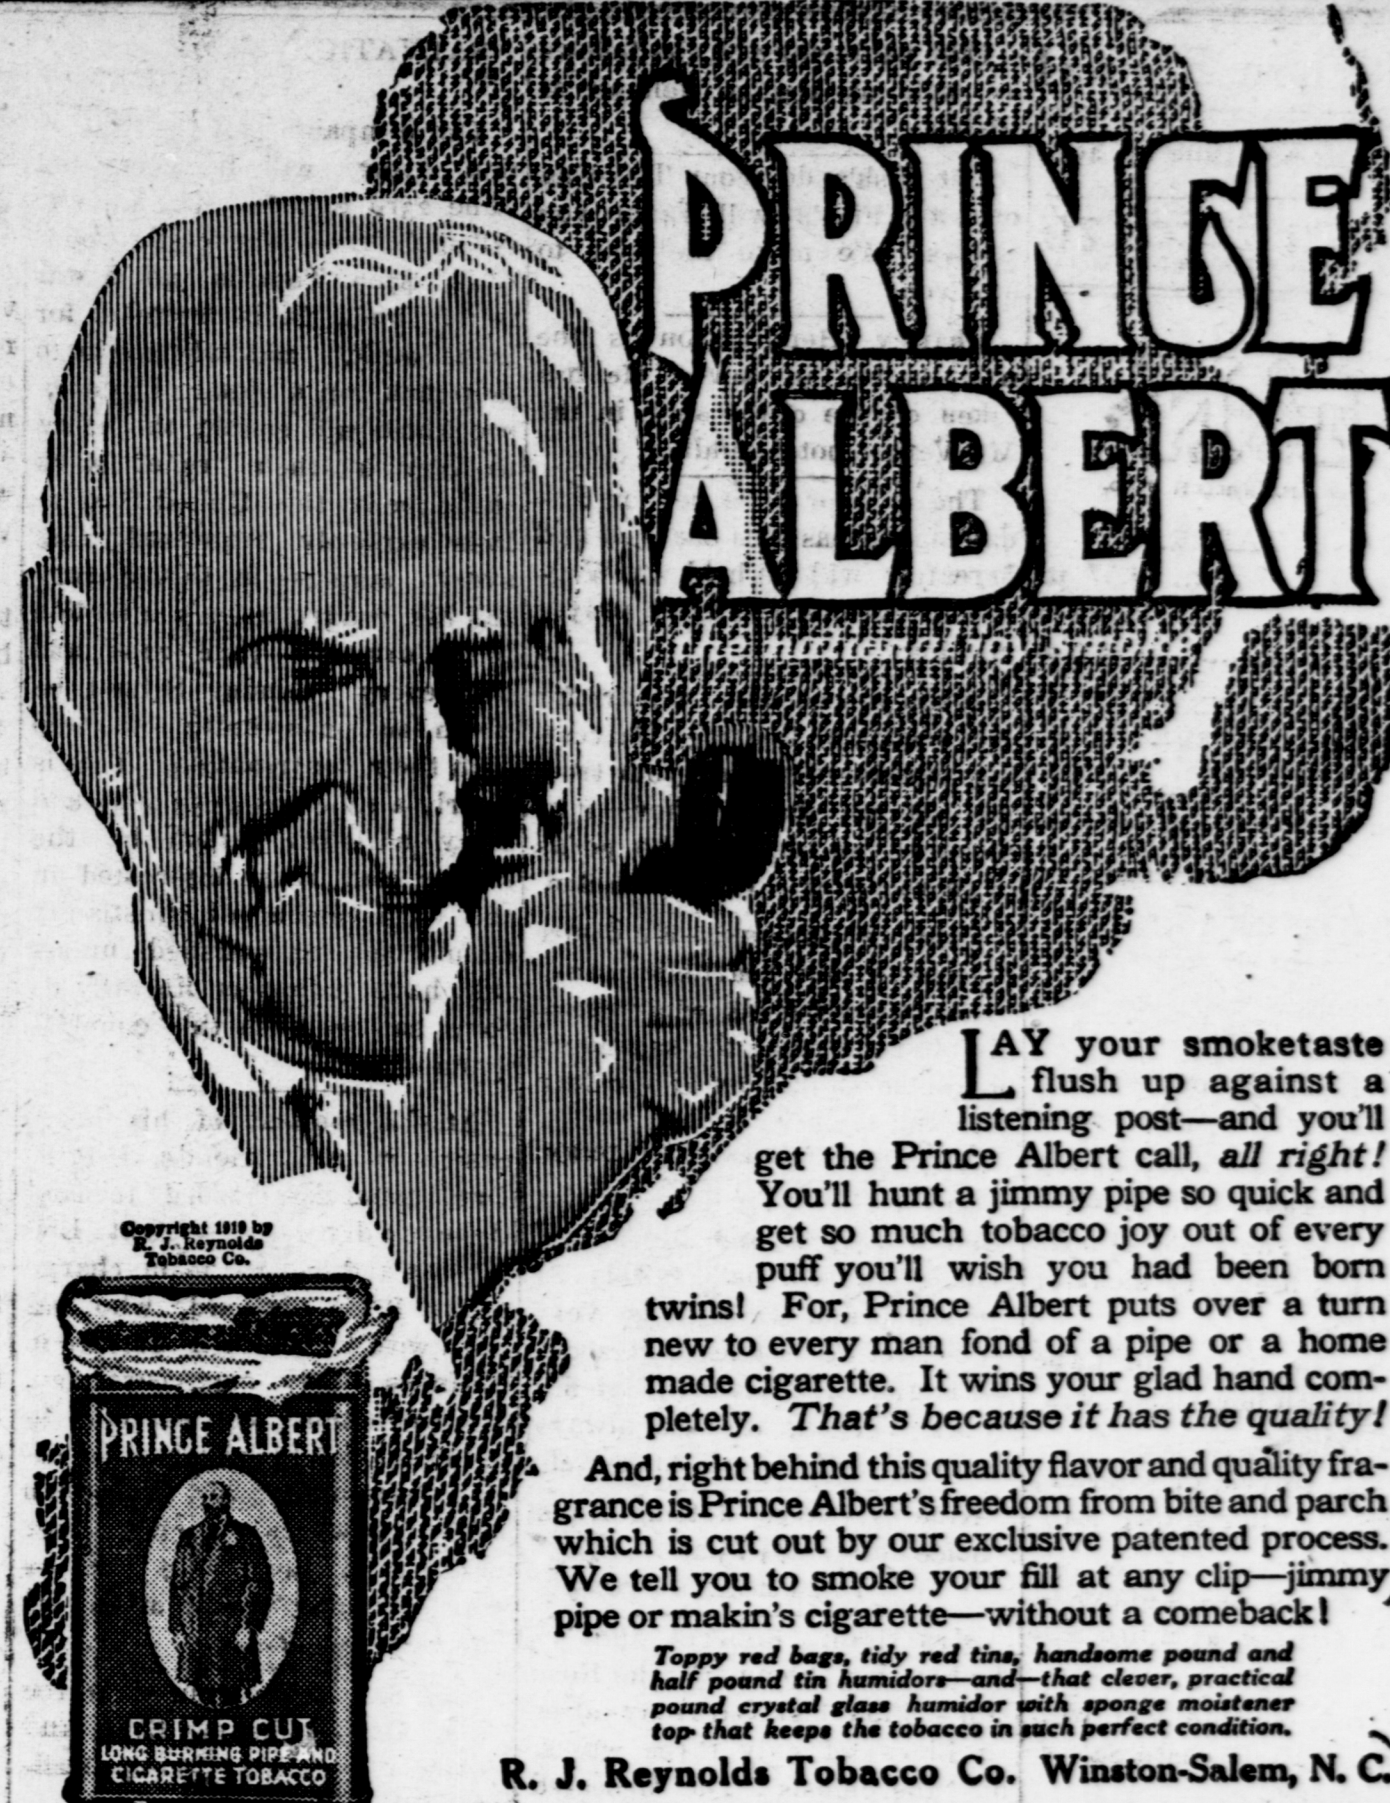

Why plant potatoes for food to
be used by the family and then
let the Bug Family eat them?
There are families today with
bucket and stick gathering pota-
to bugs in Rockcastle County.
The boys and girls could be in
the corn field helping cultivate
the crop and the mother at the
house cooking a good dinner if
the right method could be ap-
plied to the Bug Family now
visiting the potato patch.

The stick and bucket method
certainly gets some of the hard
shelled bugs but they have al-
ready started their families by
sticking a batch of eggs on the
underside of the leaves. These
eggs will hatch if not destroyed.
To pull off every leaf that has
eggs on it would weaken the po-
tato growth—So some other meth-
od must be applied.

The following remedy is reco-
mended by County Agent Spence,
which he has tried in person this
year on his own potatoes—

Two level tablespoonfuls of
Paris green to one gallon of
water—stir thoroughly and sprin-
kle on potatoes—If a spray pump
can not be had, use a piece of an
old broom, a bunch of sage grass
straw, or bunch of stiff green
grass, dip in mixture and sprin-
kle the potatoes—Do this as often
as necessary—generally from two
to three applications will be suf-
ficient.
